PDF ANNOTATION FIXTURE

Generated text, comments, navigation and a form field.

Annotation label: a longer synthetic note.
Check the first line of the generated content.
Keep the next paragraph readable at every zoom.
The annotation must stay inside its own box.

BODY LINE A: this paragraph must remain readable below the note.
BODY LINE B: the next line must not be covered by oversized text.

Small annotation: compact text in three lines.
Long HTML duplicates must not cover nearby text.
The final line should remain inside this box.

BODY LINE C: ordinary content continues below the smaller note.
BODY LINE D: preserve this line when zooming out or hovering.

Highlighted text with a review comment
